My self-summary

Self-propelled, self-aggrandizing, self-loathing, self-employed believer in free market economics (laissez-faire) who believes any man, woman or child can create the world they wish to live in. I drink old fashioned and quote Ludwig von Mises.

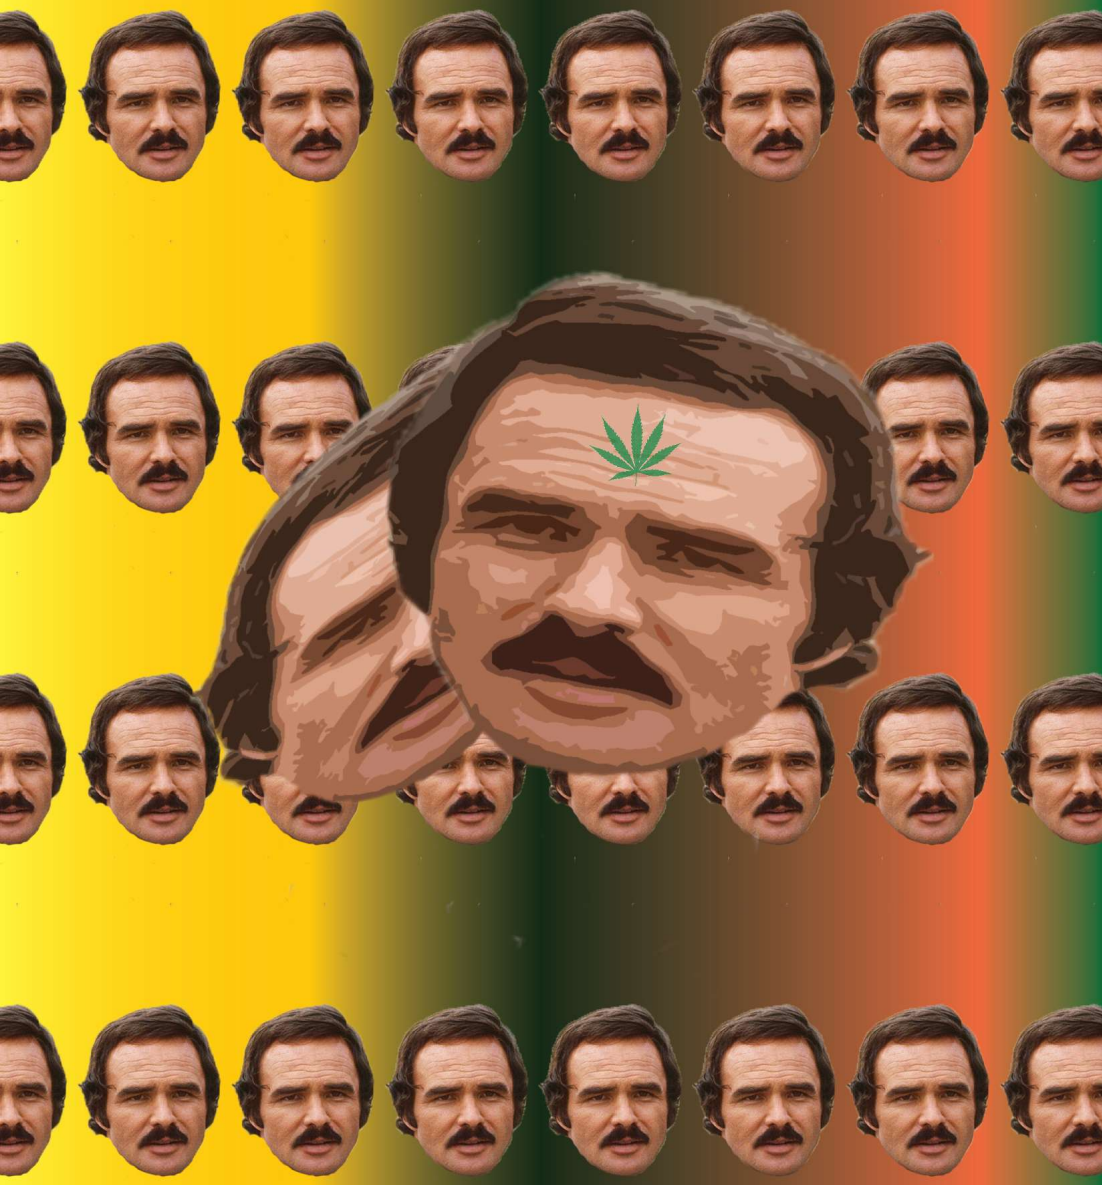

What I'm doing with my life

I think it's important to note that the stock market cannot be understood by philosopher nor priest. That's why I invest in only crypto and if you read my blog [...]

a dude from andromeda.
and this is my life now.

Looking for a single woman: somewhere between 28-35
loves to laugh, enjoys hiking but isn't adverse to taking
a day in. Must love dogs. Game of Thrones fans preferable.
Jewish or Lutheran, Baptists okay but no Catholics. Must
make at least 40k a year as a legal assistant. Type of law
doesn't matter as long as it isn't property rights law. I
only listen to White Snake so you must love White Snake
and their many hits. Polyglots only and we will attend
plays but not opera and I will not budge on this because
my eyes get sore in those little monacles. I am a die hard
world of warcraft player and you must accept that I will
spend 40 hours weekly on this hobby and you play as well,
we are on the Alliance and your main is a human paladin
who can heal and tank me during the faction rep quests.
I am a gnome mage and therefore very fragile. I am socia-
lly awkward but I am working on this but I need you to be
genuine, but not in a way that is needy. You have to be
emotionally vulnerable but you can not be overly sad
I'm talking like 8/10 sad max 7 or 9 because I need
some depth and depth some sadness of characater and
I'm a man who knows that and that joy is shallow.
Clear skin is obvious and I need you to dress
slutty but only when you are alone never when anyone else
is. I will only ever wear energy shirts. A little
about me is that I am a part time delivery driver and I have
been told I have a phil sopher's soul by a man who later
went violently insane so I do think he meant it at the
time. I am emotionally open but I also want to be able to
just have a good time, and I'm looking for someone who is
similar, which I understand is a stupid request. I mean
really I just want someone who 'gets it' and I know that
that is a ridiculous thing to say and it doesn't even make
any sense but god I'm tired. I'm tired of just not click-
ing and I just want someone I can talk to and have a godd-
amn conversation with-- although looking at this all I
dnt know if I even know what that means. Just someone who
is like me but who isn't like me. Enough. Enough like me
and unlike and I don't think that should be as hard as it
is but here we are. NSA

ASK AN OBESE GAMER

AS AN OBESE GAMER

WW,

My mind immediately harkens to a passage from the gospel of Majora's Mask (Book of Zelda, Gamer Bible) spoken to us through a moon child wise beyond their years:

"The right thing...what is it? I wonder...if you do the right thing, does it really make everybody happy?"

Therein lies the rub; despite Spike Lee's famous insistence that we do so, "the right thing" is often challenging to suss out (even if born with synapses that fire like a phrenic bow) and rarely is it a universal positive in final form.

So too with sex stuff.

It may sound like a Columnist Copout, but everyone is different and it's going to take some experimentation. Don your lab coat (if that's his/your thing) and get mixin inside those love beakers.

Persevere through any frustration and take solace in knowing that eventually you will become the de facto leader of Hyrule (that's gamer jargon for taking control of your bed).

And hey, even the saints lost patience in the past.

I'm reminded of a totally analogous situation, where a young Princess Zelda briefly had a lapse of faith:

"Every time I need you to save me it's the same. Can't you just learn how to swim once and for all?"

Darlin I'm tryin (and so should ya'll).
